

HAZARDOUS PESTICIDES

IN USE

AERIAL SPRAYING *of*
NEUROTOXIC

PESTICIDES

IN *YOUR* NEIGHBORHOOD

**A SIMPLE CALL &
YOU CAN STOP IT!**

This year, 2 people in Idaho got West Nile Virus with flu-like symptoms and no complications.

PESTICIDES USED ARE KNOWN TO BE NEUROTOXIC, ENDOCRINE DISRUPTORS, CAUSE KIDNEY/LIVER DAMAGE, SKIN & EYE IRRITANT, and possibly CARCINOGENIC :

Those with compromised immune systems, chemically sensitive, pregnant women, and children are particularly vulnerable to these pesticides and will suffer disproportionately from exposure.
